worth threshold. If the resulting amount is not a multiple of twenty-five thousand dollars, the amount shall be rounded to the next lowest twenty-five thousand dollars.

(2) A qualified beginning farmer or livestock producer seeking an exemption of taxable agricultural and horticultural machinery and equipment from tangible personal property tax under this section shall apply for an exemption to the county assessor on or before December 31 of the year preceding the year for which the exemption is to begin. Application shall be on forms prescribed by the Tax Commissioner. For the

initial year of application, an applicant shall provide the original documentation of certification provided by the board pursuant to section 77-5208 with the application. Failure to provide the required documentation shall result in a denial of the exemption for the following year but shall be considered as an application for the year thereafter.

(3) The county assessor shall approve or deny the application for exemption. On or before February 1, the county assessor shall issue notice of approval or denial to the applicant. If the application is approved, the county assessor shall exempt no more than one hundred thousand dollars of taxable value of agricultural or horticultural machinery and equipment for each year. Any applicant may petition the Tax Equalization and Review Commission in accordance with section 77-5013, on or before December 31 of each year, to determine whether the agricultural and horticultural machinery and equipment will receive the exemption for that year if a failure to give notice as prescribed by this section prevented timely filing of a protest or appeal provided for in this section.

(5) A properly granted exemption for taxable agricultural and horticultural machinery and equipment under this section shall continue for a period of three years if each year a Nebraska personal property tax return and supporting schedules and depreciation worksheet, showing a list and value of all taxable tangible personal property, are provided and filed by the beginning farmer or livestock producer with the county assessor when due. The value of taxable agricultural and horticultural machinery and equipment exempted in any year shall not exceed one hundred thousand dollars. The exemption allowed under this section shall continue irrespective of whether the person claiming the exemption no longer meets the qualification of a beginning farmer or livestock producer pursuant to section 77-5209 during the exemption period unless the beginning farmer or livestock producer discontinues farming or livestock production.

(6) Any person whose agricultural and horticultural machinery and equipment has been exempted from tangible personal property tax pursuant to this section shall be permanently disqualified from any further exemption of agricultural and horticultural machinery and equipment from tangible personal property tax as a qualified beginning farmer or livestock producer.

77-5211. Owner of agricultural assets; tax credit; when.

(1) Except as otherwise disallowed under subsection (5) of this section, an owner of agricultural assets shall be allowed a credit to be applied against the state income tax liability of such owner for agricultural assets rented on a rental agreement basis,

including cash rent of agricultural assets or cash equivalent of a share-rent rental, to qualified beginning farmers or livestock producers. Such asset shall be rented at prevailing community rates as determined by the board.

(2) The credit allowed shall be for renting agricultural assets used for farming or livestock production. Such credit shall be granted by the Department of Revenue only after approval and certification by the board and a written three-year rental agreement for such assets is entered into between an owner of agricultural assets and a qualified beginning farmer or livestock producer. An owner of agricultural assets or qualified beginning farmer or livestock producer may terminate such agreement for reasonable cause upon approval by the board. If an agreement is terminated without fault on the part of the owner of agricultural assets as determined by the board, the tax credit shall not be retroactively disallowed. If an agreement is terminated with fault on the part of the owner of agricultural assets as determined by the board, any prior tax credits claimed by such owner shall be disallowed and recaptured and shall be immediately due and payable to the State of Nebraska.

(3) A credit may be granted to an owner of agricultural assets for renting agricultural assets, including cash rent of agricultural assets or cash equivalent of a share-rent agreement, to any qualified beginning farmer or livestock producer for a period of three years. An owner of agricultural assets shall not be eligible for further credits under the Beginning Farmer Tax Credit Act unless the rental agreement is terminated prior to the end of the three-year period through no fault of the owner of agricultural assets. If the board finds that such a termination was not the fault of the owner of agricultural assets, it may approve the owner for credits arising from a subsequent qualifying rental agreement with a different qualified beginning farmer or livestock producer.

(4) Any credit allowable to a partnership, a corporation, a limited liability company, or an estate or trust may be distributed to the partners, members, shareholders, or beneficiaries. Any credit distributed shall be distributed in the same manner as income is distributed.

(5) The credit allowed under this section shall not be allowed to an owner of agricultural assets for a rental agreement with a beginning farmer or livestock producer who is a relative, as defined in section 36-702, of the owner of agricultural assets or of a partner, member, shareholder, or trustee of the owner of agricultural assets unless the rental agreement is included in a written succession plan. Such succession plan shall be in the form of a written contract or other instrument legally binding the parties to a process and timetable for the transfer of agricultural assets from the owner of agricultural assets to the beginning farmer or livestock producer. The succession plan shall provide for the transfer of assets to be completed within a

period of no longer than thirty years, except that when the asset to be transferred is land owned by an individual, the period of transfer may be for a period up to the date of death of the owner. The owner of agricultural assets shall be allowed the credit provided for qualified rental agreements under this section if the board certifies the plan as providing a reasonable manner and probability of successful transfer.

77-5212. Rental agreement; requirements; appeal.

In evaluating a rental agreement between an owner of agricultural assets and a qualified beginning farmer or livestock producer, the board shall not approve and certify credit for an owner of agricultural assets who (1) has, with fault, terminated a prior board approved and certified rental agreement with a qualified beginning farmer or livestock producer or (2) is proposing a rental agreement of agricultural assets which, if rented to a qualified beginning farmer or livestock producer, would cause the lessee to be responsible for managing or maintaining a farm which, based on the discretion of the board, is of greater scope and scale than necessary for a viably sized farm as established by the guidelines implemented by the board in order to adequately support a beginning farmer or livestock producer. Any person aggrieved by a decision of the board may appeal the decision, and the appeal shall be in accordance with the Administrative Procedure Act.

Tax credits shall only be approved and certified for rental agreements that are approved and certified by the board under the Beginning Farmer Tax Credit Act.

(2) To qualify for the greater rate of credit allowed under subdivision (1)(b) of this section, a share-rent agreement shall provide for sharing of production expenses or risk of loss, or both, between the agricultural asset owner and the qualified beginning farmer or livestock producer. The board may adopt and promulgate rules and regulations, consistent with the policy objectives of the act, to further define the standards that share-rent agreements shall meet for approval and certification of the tax credit under the act.
