

## PROTECT WEBSTER

Vote YES on Proposals C, D & E  
Tuesday, November 3rd

### IT'S WORKING - VOTE YES TO RENEW

Voters made a  
great choice in 2005.  
ITS' WORKING

It's time to choose again.  
LET'S RENEW

These are NOT new taxes.

They cost the average  
Webster homeowner  
\$363/yr, less than \$1 a day.  
(property with a \$100,000 taxable value)

Failure to renew will  
cost much more.

#### Vote YES on Proposal C Public Safety

RENEW the millage that funds police, fire  
and emergency services

IT'S WORKING. The millage has secured  
our public safety services. Without it our  
public safety services will be severely  
curtailed or eliminated.

#### Vote YES on Proposal D PDR Program

RENEW our Purchase of Development Rights  
program which preserves open space &  
farmland in Webster Township

IT'S WORKING. PDR is protecting us from over  
development. It's preserved 733 acres  
(incl. 265 pending closing), utilizing \$9 of  
matching grants for every \$1 it's invested.

#### Vote YES on Proposal E General Operating

RENEW the millage that funds Webster  
Township operations

IT'S WORKING. Township funding has been  
stabilized and expenses controlled,  
allowing officials to focus on delivering  
services. Without it the township will be  
forced to cut services by over 30%.

# Vote YES to Protect our Quality of Life

**Webster Neighbors for Responsible Growth urges you to  
Vote YES on RENEWAL Proposals C, D & E on Tuesday, November 3rd**

*Webster Neighbors for Responsible Growth*

The millages passed in 2005 are working. They have Protected Webster from excessive development, an impending budget crisis and loss of public safety services. The PDR program has proven to be a desirable alternative to landowners selling to developers. It's time to renew these millages. We believe that failure to renew the millages will lead to safety crises, overdevelopment and higher taxes. Pittsfield Township and Ypsilanti Township have gone down this path, lost most of their farmland and open space and have tax rates of 5.2 mills and 10.5 mills. Webster taxes will be 3.63 mills and we still have land to preserve. For more information, go to our website: [www.websterneighbors.org](http://www.websterneighbors.org).
